## **Description**

Model NFW68/89-RA is a mounting adaptor for the Emergency Lighting luminaire range and their associated mounting bases. The NFW68/89-RA allows a base and light combination to be flush mounted by providing a recess fixing in the ceiling.

It is supplied with a fast fix spring mechanism which secures the NFW68/89-RA within a pre-cut hole up to a maximum ceiling thickness of 25mm.
